Re: SECTION 403(r)(6) NOTIFICATION

Dear Sir or Madam:

In accordance with the requirements of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Melaleuca, Inc., notifies FDA that it has begun using the following statements:

- Two tasty *CranBarrier* chewables have the therapeutic dose of 1,000 mg of cranberry extract plus a proprietary blend of blueberry and *uva ursi* (bearberry). These two berries, which work similarly to cranberry, have also been shown to have a positive effect on your urinary tract. With *CranBarrier*, you get natural 3-in-1 protection in delicious, easy-to-take chewables that only have 10 calories per dose.
- Live your life with a proactive approach to urinary tract health. Order *CranBarrier* today.

These statements contain the statutory disclaimer. The name of the dietary supplement is CranBarrier®, and the relevant dietary ingredients are cranberry concentrate, blueberry extract and bearberry extract.

I certify that the foregoing is complete and accurate, and that Melaleuca, Inc., has substantiation that the statements are truthful and not misleading.

Very truly yours,

Melaleuca, Inc.

Jeff Wasden
